

Effortless Layering. Limitless Style.

How It Works:

Each **base bracelet** features a **snap clasp**, allowing you to securely attach LINX add-ons for a seamless, layered look.

How to Attach LINX Add-Ons:

- 1 Select your **base bracelet** and your preferred **LINX add-ons**.
- 2 Open the snap clasp by gently pulling, then connect the ring of the LINX add-on piece onto the snap clasp of the base bracelet.
- 3 Continue adding LINX add-ons until you achieve your desired layered style.
- 4 To close, press firmly on the snap clasp until you feel a *click* -- this means the add-on pieces are securely attached.

TIP: Mix different textures and colors for a bold, trendy look!
